How Launchpad Works

We provide for the possibility of selling tokens without investing a liquidity pool (trading pair).

Parking System

We use 8% of the total assets of the "parking" pool to stabilize the token.
When selling, we extract a percentage and distribute it among investors.

Affiliate Program DexCoyote

We share 50/50 profits from your invitees indefinitely, it is fair and completely mutually beneficial. Visually it looks like this:

**50% of commission paid
on Launchpad**

**50% of the profit from
token Parking**

**50% of fees for the use
of the Bridges**

Affiliate Program AirDrop

Only 7 levels of the referral program, you will receive corresponding bonuses from all your referrals:
